

LINKS FOR INFO ON INVASIVE PLANTS IN NH

1. NH DEPARTMENT OF AGRICULTURE, MARKETS & FOOD
 - a. agriculture.nh.gov/publications-form/documents/upland-invasives-species.pdf
Updated list of invasives and alternative plantings (natives to NH)
 - b. dcygan@agr.state.nh.us
Address of Doug Cygan, Division of Plant Industry. He has an invasive species Poster called “Prohibited Invasive Upland Plants” and a GUIDE called “Guide to Upland Invasive Species”. Very helpful.
2. wildnh.com
Pamphlet called “Picking Our Battles” with priority areas for invasive plant management maps. Has a “community’s customized plant control strategy”.
3. UNIVERSITY OF THE STATE OF NEW HAMPSHIRE COOPERATIVE EXTENSION
 - a. extension.unh.edu/programs/ask-unh-extension
Good resource for invasives info and plants native to NH. The program is called “Ask UNH Extension”.
 - b. Ethan Belair from UNH Cooperative Extension – excellent speaker about invasives
Ethan.Belair@unh.edu
 - c. nhinvasives.org and nhbugs.org are both recommended by Mr. Belair as being very helpful resources. Has methods for control of invasives.
4. NEW HAMPSHIRE DEPARTMENT OF ENVIRONMENTAL SERVICES
des.state.nh.us/wmb/exotic-species
The site has Plant Pests” fact sheets in addition to a federal “Noxious Weed List”.
5. Nashua’s Conservation Commission
nashus.rpc.org
NH Invasive Species fact sheets
6. NewEnglandwild.org/docs/invaltz.pdf
Site to find native substitutes
7. One out –of- state website:
ulster.cce.cornell.edu/gardening/invasive-species
A good stopping place, as with all Cornell sites. A good resource.
